## COMMENTS

### Principal Activity

Lottotech Ltd is the operator of the Mauritius National Lottery on behalf of the Government of Mauritius. Its main activities are related to the gaming sector.

### Results

The drop in revenue and operating profit is largely attributable to lockdown, restrictions associated with the Covid-19 pandemic and as well as the drop in lottery ticket sales in the periods following the end of the confinement. Revenue for the year ended 31 December 2020 amounted to MUR962.3m compared to prior corresponding year of MUR1,357.2m. Profit after tax was MUR61.1m for the year ended 31 December 2020 compared to MUR155.7m for the prior corresponding year. Lottotech Ltd mitigated the impact on the business by reducing operating costs, expenses and cash outlays.

The Company was ready to resume and rebuild its business on 6 June 2020 which marked the end of the confinement period. The Company launched a new Loterie Vert game on 30 October 2020 which was part of the 2018 mediation agreement between the Ministry of Finance and the Gambling Regulatory Authority.

### Outlook

Covid-19 pandemic continues to pose a threat in Mauritius. On 9 March 2021, the Government of Mauritius announced a national confinement for 16 days to protect the health and safety of its citizens. The current vaccination campaign is encouraging to ensure borders opening and economic recovery. The domestic and international business environment remains uncertain and challenging. Lottotech Ltd will continue to adopt all necessary measures to mitigate the downside risks caused by the pandemic and also ensure the safety of its employees, customers and partners. The Company will have adequate funds to discharge any existing commitments and obligations. The Board and Management will continue to monitor the evolving uncertain market conditions.

In the Agreement reached between the Company, the Gambling Regulatory Authority (GRA) and the Ministry of Finance on 13 June 2018 before the Mediation Division of the Supreme Court, the parties agreed that the Company shall operate a modernised Loterie Vert with the objective of ensuring complete transparency, integrity and accountability through the Company's technology, communications network and distribution networks. The Company launched phase one of its modernised strategy on 30 October 2020 and it intends to complete phase two throughout 2021 which will diversify its distribution strategy.

The Company has also made a formal application on 12 July 2018 with the GRA for authorization to implement its cashless solution for its other products, in the context of regulations relating to anti-money laundering and combating the financing of terrorism. The Company is looking forward to a positive response.

The Company remains focused on its sustainable development goals, values of responsibility, trustworthiness and teamwork and community involvement.
